

# 3 TERRIFIC BENEFITS OF OUR TURNKEY SOLUTIONS

## A YARD RAMP GUY DIFFERENTIATOR

### SERVICES DON'T STOP AT THE DOOR

Half of our customers request some or all of our Turnkey Delivery and Installation Services.

We maintain an exceptional network of specialized businesses to transport, off-load, and install yard ramps.

We search, qualify, negotiate pricing, issue purchase orders, and coordinate your delivery and installation.

This gives you 3 exceptional benefits:

#### 1 TRANSPORT

We're not just taking bids from brokers and buyers. We've worked with the same flatbed transportation broker since we opened our doors.

This ensures we have a trusted group of co-workers in what we consider our logistics department. They act as employees of The Yard Ramp Guy, with the authority to act on behalf of us and our customers.

#### 2 OFF-LOAD

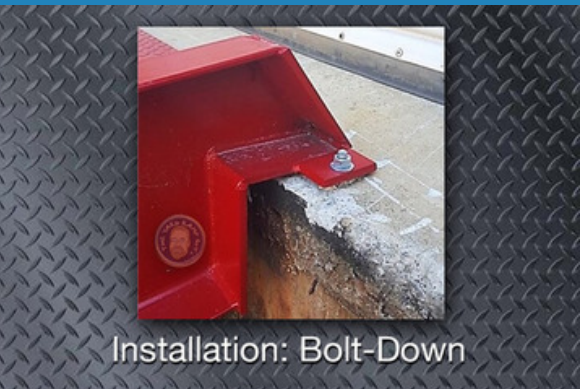

Off-loading is the responsibility of the buyer or renter receiving the ramp. Re-loading is the responsibility of the renter or seller when they are done with their ramp.

About 50% of our customers require assistance in off-loading and/or re-loading the ramp. They simply don't have the proper equipment to safely execute the off-load or the re-load.

We regularly coordinate off-loading or re-loading with our prequalified network of heavy equipment lifting services.

#### 3 INSTALLATION

Ground-to-dock ramps must be installed according to factory requirements. This is a safety issue: The ramp can be used only when properly secured.

A properly installed ramp will not vibrate off the dock ledge while in use. We regularly coordinate installation with our prequalified network of handyman services.

The Yard Ramp Guy transports, off-loads, and installs your purchase or rental.

While you focus on what you do for a living, we focus on saving you time and money.

### WHAT'S THE DIFFERENCE?

We offer the largest inventory of used yard ramps in the nation. We are the only company in America that offers rental ramps throughout the country. Every. Day.

Thank you for the opportunity to earn your business.
